## Contributing Members:

- **Alex Henningsson:** Responsible for the main/product page and header + header menu and structure of the code base. Responsible for early base-styling on buttons. Helping some of the group members with their code, answering questions regarding everything from HTML to Javascript to CSS. Responsible for the trello page where all tasks were kept.
- **Rebecka Berglin:** Responsible for the Order-page, login functionality and Drag n Drop-functionality (which ended up on the Order-page). Responsible for the design of the website, which was created in Figma.
- **Erik Bertse:** Responsible for UNDO/REDO-functionality (that was implemented on the Order-page), Help-page and Security functionality and pages. Helping some of the group members with the code.
- **Saad Ali:** Responsible for staffs Product-page.
- **Ka-ui Chu:** Responsible for VIP users ordering products to their table.
